START MADE ON THE

Surveyors were at work vesterday on the property at the corner of Merchant and Bishop streets which has been then be the Nippon Maru, which rebought for a site for the headquarters for the new automatic or home tele-phone system to be put in by the Hawaiian Telegraph and Telephone Com-pany. The entire property of about 10,500 square feet having a frontage of 135 feet on Merchant and on Bishop street has been coveyed to the Henry Waterhouse Trust Company for about \$56,000. The corner of this or rather the frontage on Bishop street, 40 by 90 feet will be conveyed to the Hawaiian filed for record, as one step in making transfer of title.

"I intend to give the finest telephone system that science can create and money buy," said C. J. Hutchins yesterday. "I have been working on this thing for a long time. For months I have had the backing of some of the best business men in town. No money on earth could buy my interest out." on earth could buy my interest out argued the Lanni case at Washington before the Supreme Court, and Mr. bas been completed and everything is Withington argued the Bierce case beworking to the full satisfaction of everyone, then whatever I have in the John Fleming returned from their nature of tangible property will be for matter of tangible property will be for sale if I get my price. A committee west, W. E. Burnham came here to attach of the prominent business men will tend to the installation of the plumbing

the great home system in Omaha and they are on their they are on their way here. The chief agineer is named Hummell."

ANOTHER PINEAPPLE COMPANY ORGANIZED

Articles of Association of the Oahu Pineapple Company, Limited, were filed with the Territorial Treasurer yester-day. The incorporators are E. C. Winday. The incorporators are E. C. Win-ston, H. S. Middleditch, J. P. Looney, G. J. Waller, and A. E. Temple. The company is organized with \$15,000 capi-tal divided into shares of \$20 each with the privilege of increasing it to \$250,-600. The purpose of the corporation is primarily to take lands in Koolau and cultivate pineapples and secondarily to enter general agriculture, horticulture and orchard growing there and else-

E. C. Winston is president, A. E. Temple, vice president; J. P. Leoney, treasurer; H. G. Middleditch, secretary, and G. J. Waller, anditor.

SAVE MONEY BY BUYING CHAM-BERLAIN'S COUGH REMEDY.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money by buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy, and you get good results when you take it. For sale at all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

MARRIED.

MARINE

NIPPON TO REPLACE THE HONGKONG MARU

Bad weather and heavy seas were reponsible for the slow trip of the T. K. K. S. S. Hongkong Maru from San Francisco to Honolulu, the vessel only arriving in port at 8 o'clock yesterday morning. She docked at the Channel wharf on account of the congested condition of the Hackfeld wharf, where the Tenyo Maru unloaded a heavy Oriental cargo on Monday.

The vessel departed for Yokohama at 5 p. m., carrying several passengers from here, including D. McPherson Boyd of Salt Lake and brother, John Boyd, of Scotland, and James Me-Gregor, a wealthy Utah mining man, who are making a world tour, although McPherson Boyd may return to Honolulu to spend the winter. K. Iwakami, the Japanese merchant, was also a pas-

Among the through passengers were Bishop and Mrs. Lewis en tour of the world, General Manager Oberg of the Shangbai Telephone Company, Commander Tanaka and Lieutenant Motohara of the Japanese navy, who have been in Europe,

In the cargo of the Hongkong Maru is 800 tons of leaf tobacco for Japan. This is one of the largest shipments of the kind ever sent out from San Francisco. The ship is also carrying a large amount of cotton.

The Hongkong Maru has a new surgeon this trip, Dr. Otis B. Spalding, a nophew of the Kauai millionaire, The former surgeon, who was employed only for one trip recently, got into trouble at San Francisco by sending dutiable goods ashore by a woman passenger, who thought it was all right. The cusoms authorities seized the goods and made trouble for the surgeon.

The Hongkong Maru goes as far as Hongkong this trip, but from Yokohama or Nagasaki she will take the crew of the America Maru, which, in turn will NAVY WILL DRAW NEW PHONE SYSTEM the America Maru, which, in turn will be placed abound the new turbine, oilburning steamer Chiyo Maru, The Hongkong Maru is to be given her five-yearly speed test and will be overhauled. The three steamers on the route will places the Hongkong Maru, the Tenyo Maru and the Chiyo Maru.

Hilonian Brings War Stuff.

Chock-a-block with freight and pas-sengers the Matson steamship Hilonian arrived in port about 7 o'clock yester-day morning after a somewhat rough passage from San Francisco. Outside of the general run of merchandise from a box of soap to a bale of hay, the Hilonian brought more war material to Telephone and Telegraph Company for be used both at the Diamond Head mor-the central office. The remainder will tar battery and the forts at Pearl Harthe central office. The remainder will the conveyed to Clinton J. Hutchins, to be used for other purposes of the company. An assignment of mortgages on the property held by the trustees of the Bishop Estate to the Henry Waterbouse Trust Company were yesterday big guns were aboard the Hilonian, big guns were aboard the Hilonian, they were not on the manifest, only the carriages. The weather was exceedingly rough

remed the Lanni ence at make affidavits as to the number of in the new Fort Shafter buildings, h "The engineers who will install the system have just completed installing the great home system in Omaha and matters. P. E. Howes, as Eastern man, will be connected with the auto partment of von Hamm-Young Co. R. Baxter goes into the architect's of-fice of H. L. Kerr. J. F. Houghey is to superintend the Fort Shafter plumbing work. J. R. Daggett is returning to spend another winter. He brought his furniture along this time. John Drew, of the shipping office of Castle & Co., returned from a brief trip to the Coast. Miss Perry, a relative of the Drews, was a passenger, and will spend the winter here. Win. Kent of hicago and wife and daughter, who were here last winter, returned to spend few months. They are at the Monns Hotel.

The Hilonian received a budget of vorld news frequently by wireless. Tuesday night while approaching Ho-nolulu the wireless plant was opened up and the operator was just swinging in nicely on a budget of real live news from the Kahuku station, when the Japanese operator on the Hongkong Maru butted in, and insisted on "talkng' despite some rather foreible wirebroke up the news getting and spoiled the tempers of several passengers who were eager to learn what was going on n the rest of the world.

The passengers contributed to a fund secure several hundred words from Kabuku station. Gradually the desire of passengers to know what is going on in the world is compelling the steam-ship companies to install wireless outfits on their vessels. The Pacific Mail company is the laggard in this ocean.

INFLAMMATORY

Cured by Dr. Williams' Pink Pills and the Proof is Right Here,

Nothing Better demonstrates that rheumatism is a disease of the blood than the fact that it is hereditary in certain families. It may not develop until conditions of cold and dampness favor it because nature is always fighting to keep the body in health. When disease does get the upper hand and rheumatism is seated in the blood, a remedy that will revitalize and renew the blood is the simplest and best means of relief.

A remarkable instance of the value of Dr. Williams' Pink Pills in this discase is shown by the cure they effected in the case of Mrs. O. E. Taylor, whose address is R. F. D. No. 6, Columbus, Ohio, who says:

Ohio, who says:

"I suffered severely with inflammatory rheamstirm for three years and
was helpless in bed for weeks at a
time. The attack followed exposure to dampness. Every bone in my body seemed to ache and my joints were swollen to twice their normal size. During the first attack I had to be fed, as I could not raise my arms and was so perfectly helpless that I couldn't turn over in bed. The least bit of a jar would hurt me and on damp the sharp pains were worse and almost unbearable. I was not able to work for months, could not sleep and had

woman in every way,"
Dr. Williams' Pink Pills actually make rich, new blood and have cured make rich, new blood and have cured such diseases as rheumatism, nervous and general debility, indigestion, ner-vous headache, neuralgia, and even partial paralysis and locomotor ataxia, is a tonic for the blood and herves they are unequaled.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady,

MARINES FROM SHIPS

WASHINGTON, Nov. 12 .- The Uni ted States marine corps is to be grad-ually withdrawn from the ships of the navy, the daties of the corps in the future to be in accordance with an order issued by the President today,

These duties will be to garrison navy

yards and naval stations, both within and-beyond the continental limits of the United States; to furnish the first line of the mobile defense of naval bases and naval stations beyond the continental limits of the United States; to gar-rison the Isthmian canal zone and to furnish such garrisons and expedition as may be necessary in time of peace.

THANKSGIVING DAY

(Continued from Page One.)

employed elsewhere and of the strenu-ous efforts necessary to keep people from starving in many of the large cen-ters of population, then we may well thank God that here no man or woman

aid and succor,
But the day leads us to a wider vision than that of the individual or grind of poverty. of the place in which we live. It is a National Day. It has its origin back in and the harvest festivals in England.
There were thanksgiving days from time to time at Jamestown for mercies received. In New England, in 1621, a harvest festival was held and in years to come was often repeated. In fact the American conception of Thanksgiving Day came from New England where the Puritans having abolished Christmas as Popish made Thanksgiving Day the great annual family festival and time for reunion. But any one who is in New England at Christmas time now knows how completely the great day of the Church has were iterated and some and france and many festival and time for reunion. But any one who is in New England at Christmas time now knows how completely the great day of the Church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has were iterated as the first of the church has the first of the church has been and freedom do not prevent the coming and freedom do not prevent the com of the Church always win in the end because they have the warrant of their it that it is this fact which the Pres-fitness and usefulness in human experi-ence, hesides having for their warrant the guidance of the Holy Spirit prom-ised to the Church.

History of Thanksgiving.

It was at the time of the Revolution that Congress recommended thanksgiv-ing days on several special occasions. These were the first national thanksgivings. Washington the Churchman in 1789 and Madison the Churchman in 1815, both appointed days of national thanksgiving. But it is only since 1863 that the Presidents of the United States have year by year appointed the last Thursday of November as Thanksgiving

Wednesday, Nov. 25. suredly perish. No man, no community, no nation can live a real human life without having spiritual ideals. The reasonable service of a human being is the service of God. To ignore God is unreasonable. The word that proceed-eth out of the mouth of God is of infinitely greater importance to human ife than are the bread, the gold, the stocks and ships and skyscrapers. No nation yet has perished from poverty, but history is strewn with the wrecks of those who have put their trust in he bread which perisheth, for the word bread stands for the materialistic view of life.

ble, D. T. Noren, Donald M. Stewart, old world, it has been heartless and of more and the new.

MARINE REPORT.

would always be free from old world Individual Thanksgiving.

We may well as individuals give anks unto Almighty God for the bless-would always be chosen.

We may well as individuals give thanks unto Almighty God for the blessings of the year. When an hour of trouble or sorrow comes we are apt to forget the many hours of pleasure and happiness which have been ours. It is a good day to count up our mercies. It is a good day to call to rememberance our many blessings. Very many of us are complainers, When a man meets a loss he forgets the many years in which he made a fair gain. A dry year leads many to pray for rain, although they did not think of giving thanks when they were enjoying prosperous years.

As inhabitants of these favored Islands we have abundant cause to be thankful to Almighty God, the source and giver of all things. Crops have been large and prices good. But how many of all who are blessed ever think of giving thanks to God? Very often our children so naturally expect us to care for them and constituting men, the men of the highest character would always be chosen.

Poverty in Big Cities.

What have I myself seen in the past the slums of New York and have seen children scramble over the contents of the garbage barrel. I have seen on a great square in New York on a cold night when the streets were covered with snow, a long line of men stamping to keep warm, making their slow way sandwich. I have seen troops standing guard to protect property in a strike. And as to men in high office, who, instead of being the best, have been the would always be chosen.

What have I myself seen in the past the slums of New York and have seen children scramble over the contents of the garbage barrel. I have seen on a cold night when the streets were covered with snow, a long line of men stamping to keep warm, making their slow way to a wagon there to receive a hage sandwich. I have seen troops standing guard to protect property in a strike. And as to men in high office, who, instead of being the best, have been the would always be chosen.

our children so naturally expect us to our ancestors believed would never care for them and provide for them come to a land of free men with vast that it does not enter their minds to be thankful for what we do for them. Sometimes the more parents do, the less gratifulde do children appear to have.

So we too often receive the houser of the cold lesson that man can not live by broad alone. Never held we have the cold lesson that man can not live the less that it does not enter their minds to be resources. During our forty years, our thankful for what we do for them. So we too often receive the bounty of our Heavenly Pather and never consider that we should have thankful hearts.

None Need Lack.

When we in Hawaii read of the unemployed elsewhere and of the strenuous efforts necessary to keep people from starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the large center of the starving in many of the starving in the starving in many of the starving in many of the starving in at London, Ohio, who gave me only temporary relief. Upon the advice of a consin, who had used Dr. Williams, Pink Pills with benefit, I decided to give them a trial. I soon had an appetite and could see that the pills were belping me. I took several boxes and was cured, as I have not been troubled with the pains since, and am a healthy were many in every week as and an an and an an and an an and an appetite and could see that the pills were belping me. I took several boxes and was cured, as I have not been troubled with the pains since, and am a healthy were many of the large sentition, then we may well kings and nobles and privileged classes and have plenty to eat and drink, abundance in a material way, that then mankind would be righteous, government in the pains since, and such distress as may arise finds in deserving and undeserving cases. Men would be would not appear with a success. could have work, women would be chaste because they would not feel the

Teaching of Forty Years.

National Day, It has its origin back in Our forty years have taught us that the old national festivals of the Jews bread alone will not keep men clean and the harvest festivals in England, and righteous. They have learned

the Church has won its way back and upon well-fed people, but upon a peo-how it overshadows Thanksgiving Day.

The old paths are trodden again by the sons and daughters of those who scorned and rejected them. The old ways preservation of the country, and I take preservation of the country, and I take it that it is this fact which the Pres-

depths of our hearts that these things do not of themselves make a better race of men or better national condi-

I am tired of this measure of progress by material standards. One would think that the only desire of many people was to increase the number of people in their city. That increase in people in their city. That increase in population was of itself a great and most desirable matter. If a man from Mars were to come to the ordinary city he would be told of its rapid growth, of the number of cattle and hogs killed for its packing-houses, of its high buildings its railroads. Day. In case the President should not do this the Church in 1789 provided for such a day in her Prayer Book. In 1888 the Roman Church decided to observe the festival.

This historical review will perhaps enable you to understand that this is aldermen, of the purity of its government, of the chaste family life of its neode, of the absence, of greed and speak to you on the subject of the text, Whenever I read the chapter from which it is taken I am profoundly impressed by the great truth which it brings home to the heart of one who one who every na. clothe them, put them in good houses, with the best of plumbing, give them music and art. What of it? Unless there is religious conviction alone can keep man human and society safe. The heart of humanity today as in all the ages past, is struggling on with the same joys, the same sorrows, the same heartaches, the same prob-lems; and bread alone gives them no solution, no hope and no peace. With-out God, all is vanity of vanities. The Spiritual Uplift.

Look at the world as it is, at this community as it is. On the one hand, materialism, eating, drinking, toiling enjoying, with no sense of responsibility to God for the gift of life, and no sense of religious duries. Suppose no one cared about anything else. Suppose no one had any spiritual vision Old Thanksgiving Sermons.

When I was a young man the Thanksgiving Day sermons which I used to hear were full of glowing statements of the advantages which Americans had over the people of other lands and for which they should give thanks. There was a statement of the vast resources of the nation, and a portrayal of how much better the condition of the people of the United States was than the 'down trodden pauper hordes of Europe' as the phrase went.

This spirit of boasting has largely gone. The very conditions existing in

sinking into hell.

My friends, the lesson of our "forty years' is that no real happiness, no lasting happiness, no solution for the problems of life, no hope for the world, lasting happiness, no solution for the problems of life, no hope for the world, no hope for eternity is found apart from the Eternal Father as revealed in the Eternal Son and kept alive in the hearts of men by the Eternal Spirit.

You say, perhaps, this is a strange Thanksgiving sermon. No! Any man who is really thankful has deep and wolem thoughts. Words profuse from the lips do not mean much. If a man human. Real thankfulness to God and human. Real thankfulness to God the day to the nation. In vain is a proclamation issued, in vain do people meet in family reunion and social feast, in vain do they meet as we do express with our lips our thankfulness. The control of the day to the nation. In vain is a proclamation issued, in vain do people meet in family reunion and social feast, in vain do they meet as we do express with our lips our thankfulness.
